

**MAGNETIC ISLAND  
FERRIES**

# **MEDIA RELEASE**

**17 AUGUST 2020**

**Magnetic Island Ferries  
New timetable update  
Effective Monday 12 October 2020**

Magnetic Island Ferries wishes to advise its valued customers of a new timetable, commencing Monday October 12th 2020.

The management and staff at Magnetic Island Ferries have learnt a lot through the COVID-19 experience. One thing we have discovered is the need to better facilitate our services for Island residents and mainland visitors. As a result of these changes we will be running our timetable 'on the hour'. Yes, on the hour! This makes it easier for everyone to remember, provides more suitable departure and arrival times (these changes have been supported by frank and clear feedback from stakeholders) and most importantly, allows our crew more time to load you, and your vehicle, on and off with even greater safety.

As you may know, we add extra vessels during peak times to make sure everyone can get to the Island and return as required. We will continue to do this and provide this information on our website and social pages to keep you informed. We hope this gives everybody plenty of options to travel.

Any customers with existing bookings, will be notified.

We encourage your feedback and very much look forward to seeing you onboard soon!

Thank you for your ongoing support and hope you are all bouncing back post COVID-19.

From Seymour and the team at Magnetic Island Ferries.
